

Philip Todd

BSc (Hons). MBA. CEng. FICE. CDir. FloD. CQP. MCQI. CMILT. FAPM

Areas of Expertise	<p>A proven leader of large complex projects and programs in both the public and private sectors. Phil has over 30 years of experience in the engineering and construction industries and his recognised expertise has seen him lead international consortiums, chair joint ventures and be an active participant on major project boards.</p> <p>Phil has earned a reputation for delivering against the odds through responsive leadership, inspiring employees, and uniting stakeholders to go the extra mile.</p> <p>Phil has led projects and programs at all lifecycle stages – from strategic and detailed planning to execution – delivering transportation, infrastructure and urban development projects in the United Kingdom, Middle East, USA and most recently Canada.</p> <p>A trusted advisor to company presidents and CEOs, Phil is sought out for his ability to anticipate – and remedy – issues that will have a negative impact on company performance, profitability, and shareholder return.</p> <p>In the UK, Phil is a Fellow of the Institute of Directors, a Fellow of the Institution of Civil Engineers, and a Fellow of the Association of Project Management.</p>										
Qualifications and Development	<p>Executive Leadership Program, Centre for Creative Leadership, Texas, USA</p> <p>Executive Leadership, Saïd Business School, University of Oxford</p> <p>Leadership Program, London Business School (LBS)</p> <p>MBA Master's Degree in Business Administration, Imperial College</p> <p>BSc (Hons) Civil Engineering, Loughborough University</p>										
Summary of Experience	<p>Phil has extensive experience in leading the development and delivery of infrastructure projects and multi-mode transit systems (e.g. Abu Dhabi's US\$ 20 billion Integrated Public Transport Network), new/extended railway lines (e.g. Purple Line, Maryland, USA), testing and commissioning (e.g. TFL's Central Line, UK) and commercial developments (e.g. the successful Westfield shopping development in central London).</p> <p>Phil advises on corporate governance and the implementation of effective, agile company management systems and has lectured on Change Management at New York University.</p>
